

FLAGSHIP PARTNERSHIPS

YOUR INSTITUTION, THEIR FUTURE

A Flagship Partnership is more than a donation. It is a deep, visible, story-rich collaboration connecting your institution directly to community-based lion conservation across 80,000+ km² of East Africa. Partnerships fund programme areas: the monitoring, the community teams, and the conflict prevention systems that keep lions and people safe.

WHAT YOUR VISITORS GET

A real, tangible connection to wildlife conservation. Camera trap images from the landscapes your support protects. Updates from the field. A story they can follow, share, and feel part of.

This is not a logo on a wall. It is a living partnership your visitors will talk about.

 junho.yu@lionlandscapes.org

CORE PROGRAMME FUNDING

Fund fortified enclosures, community liaison teams, real-time lion tracking, and community benefit programmes.

NAMED VISIBILITY

Your name and logo across Impact Report, website, and field communications.

PRIORITY CONTENT PIPELINE

Regular camera trap photos/videos, field updates, and storytelling assets drawn from across our three landscapes for your visitor communications.

STAFF ENGAGEMENT + IMPACT REPORTING

Keeper talks, research projects, field visit potential. Annual reports showing exactly what your funding achieved.
